

PROFESSIONAL PROFILE

Dedicated **Cybersecurity Analyst Level 2** with a Bachelor in Computer Science, specializing in **User Access Management (UAM)** and Identity & Access Management (IAM) governance at Wipro Technologies. Transitioned from SD Administrator with proven success in least privilege enforcement, RBAC architecture, PAM, user access reviews, and enterprise IT infrastructure operations. Skilled in resolving complex access issues while maintaining >99% SLA adherence.

SKILLS & ARSENAL

- Security & Access Management**
User Access Management (UAM), Identity & Access Management (IAM), Role-Based Access Control (RBAC), Privileged Access Management (PAM), Provisioning & De-provisioning, Access Certification (UAR), Active Directory & Azure AD (Entra ID), MFA, SSO, Segregation of Duties.
- IT Operations & Systems**
Enterprise ITSM Ticketing, Case Management, Remote Diagnostics, Infrastructure Telemetry, SLA Adherence, Knowledge Base (SOPs), Client Communication.
- Programming & Tools**
Python, Java, SQL, C, C++, HTML5, CSS3, Kotlin.

EDUCATION

Bachelor in Computer Science
Reva University, Bengaluru
Year of Graduation: 2023

CERTIFICATIONS

Certificate by Microsoft Associate Technology (MAT)
HTML and CSS Certified

Certificate by Microsoft Associate Technology (MAT)
Database Administration Fundamentals

CORE FOCUS AREAS

User Access Management
RBAC Governance PAM & Least Privilege
Access Certification
Active Directory & Entra ID
ITSM SLA Adherence

WORK EXPERIENCE

Wipro Technologies • Bengaluru, India

May 2026 – Present

CYBERSECURITY ANALYST LEVEL 2

- User Lifecycle & Access Provisioning:** Administer end-to-end user access lifecycle operations (onboarding, role changes, transfers, de-provisioning) across Active Directory, Azure AD / Entra ID, and cloud apps.
- Role-Based Access Control (RBAC):** Enforce Principle of Least Privilege by designing, auditing, and maintaining granular RBAC models, security group assignments, and Segregation of Duties (SoD).
- Privileged Access Management (PAM):** Manage elevated administrative credentials, time-bound privileged accounts, and emergency break-glass requests with rigorous audit trails.
- Access Reviews & Compliance:** Lead regular user access recertification campaigns (UAR), identify and remediate orphaned accounts, and ensure alignment with security policies.
- Incident & Access Troubleshooting:** Diagnose and resolve complex access incidents, SSO/MFA authentication bottlenecks, and permission conflicts with >99% SLA adherence.

Wipro Technologies • Bengaluru, India

May 2025 – May 2026

SD ADMINISTRATOR

- Diagnostics & Incident Resolution:** Diagnosed and resolved Tier 1 & Tier 2 hardware faults, operating system glitches, and network connectivity bottlenecks.
- Support Ticket Lifecycle:** Managed support tickets from intake to root-cause resolution, consistently exceeding SLA performance thresholds.
- Multi-Channel Remote Troubleshooting:** Provided troubleshooting via remote desktop protocols, phone dispatch, and asynchronous ticketing channels.
- Infrastructure Monitoring & Escalation:** Monitored server and workstation telemetry; escalated critical errors and authored standard operating procedures (SOPs) for the internal knowledge base.

Cameo Global INC • Bengaluru, India

Nov 2023 – Feb 2025

IT ANALYST

- Inbound Service & Remote Tech Support:** Handled high-volume inbound technical service inquiries and delivered remote desktop troubleshooting to global clients.
- Case Management & Diagnostics:** Managed customer support cases end-to-end; utilized remote desktop systems to diagnose hardware, OS, and network issues.
- Ticket Management & Client Communication:** Logged and tracked interactions in internal ticketing systems, maintaining professional client communication.
